

Sick & Visitation Oct./Nov.

1. Had a visit with Bill Buck on the 31st Oct. a short visit as they were having a Halloween party for the residents. Patti, Bill's daughter supplied an update as to her father's condition. Sadly due to Dementia/Parkinson's his phone had to be taken away. Bill is still a resident of the IOOF & from my observation is well taken care of.
2. Visited with Cliff Hall a Legion member with #147 Branch. Cliff joined the Royal Navy in 1942 but served out the war with the RCN as a Telegrapher on the Corvette Orangeville. Cliff is a resident at the Barrington Retirement home and has suffered 4 major & 4 minor strokes & was declared legally blind, his memory was somewhat affected but thinks his age is around 96.
3. Had a visit with Rita Stephenson (Legion member) at the Barrington Residence. Rita joined the Air Force & served at a BCATP training center near Hamilton. Rita was 96 yrs young in Oct. A very sharp lady!
4. Had a phone conversation with Stan & Mary both of them are doing ok. Stan paid a visit to his hometown in Poland but after 5 days into the trip he had a seizure & had to be hospitalized but with prescribed antibiotics he responded well.
5. Had a visit with Lolly Westgarth Taylor at the IOOF. She is a resident of Simcoe Terrace but was transferred to the IOOF for rehab due to a fall. This lady had a very sharp mind for the age of 95;96 in Dec. She is a National Life member & sends her best wishes.
6. Fred Andrews who was 97 in July was moved to a nursing home but staff at the Barrington would not release the location (privilege info. so they say)
7. Had a phone conversation with Ken & Isabella, they are doing ok but Ken is restricted somewhat in his driving due to back & shoulder problems.
